Food Act 1984 (Vic) Notification of temporary food premises

Completion of this notification form will ensure that your business is included in the new state-wide arrangements under the Food Act for temporary food premises.

Under the state-wide notification system, one council in Victoria must be primarily responsible for accepting your Food Act notification. This is the "**principal council**". This is the council for the following Victorian district:

- the district in which your food business **prepares or stores food** that is to be sold at the temporary premises; or
- if food is not usually prepared or stored beforehand by the business the district in which the business usually stores the equipment for the temporary premises; or
- if neither of the above apply the district in which your usual business address is located; or
- if none of the above are in Victoria the district in which the temporary premises will **first operate**.

This form is to be used to notify your principal council about one or more temporary food premises (stall, tent or other covered shelter) at which only class 4 activities are undertaken.

Class 4 activities are described on page 3 in the box headed "Food handled at the temporary food premises".

This once-off notification form, when it has been accepted by your principal council, will enable your business to operate the notified class 4 stalls or other temporary premises anywhere in the State. If you continue to engage only in the class 4 activities that you list in this form, your only other obligation in the future will be to lodge a separate statement of trade, as outlined below.

It is recommended that you contact council before completing this form. This will ensure that you –

- understand your obligations under the Food Act;
- know which council to notify;
- use the correct form and know how to complete it; and
- can be informed about the classification of the food handling activities of the business.

Statement of trade

A statement of trade (SOT) about where and when you plan to operate the temporary premises listed in this application in the principal council's district can also be completed in this form, or lodged after you have notified the principal council (at least 5 days before you commence trading). A SOT must also be lodged with every other council in whose district the temporary premises is to operate, at least 5 days before trading commences in those councils' districts. Your principal council can provide you with the SOT form.
